

High Wych CE Primary School

Governors' Code of Practice

September 2017

Based on

National Governors' Association's Code of Practice for School Governors

The National Governors' Association recommends that governing bodies adopt a code of practice which sets out the purpose of the governing body and describes the appropriate relationship between individual governors, the whole governing body and the leadership team of the school.

The following code as a starting point built on the best practice from around the country.

Governors are asked to review it and sign it on appointment, and then on an annual basis, at the first meeting in the autumn term.

Code of Practice for School Governors

This code sets out the expectations on and commitment required from governors in order for the governing body to properly carry out its work within the school and the community.

The purpose of the governing body

The governing body is the school's accountable body. It is responsible for the conduct of the school and for promoting high standards. The governing body aims to ensure that children are attending a successful school which provides them with a good education and supports their well-being.

The governing body:

- Sets the strategic direction of the school by:
 - Setting the values, aims and objectives for the school
 - Agreeing the policy framework for achieving those aims and objectives
 - Setting targets
 - Agreeing the school improvement strategy which includes approving the budget and agreeing the staffing structure
- Challenges and supports the school by monitoring, reviewing and evaluating:
 - The implementation and effectiveness of the policy framework
 - Progress towards targets
 - The implementation and effectiveness of the school improvement strategy
 - The budget and the staffing structure
- Ensures accountability by:
 - signing off the school's own self-evaluation report
 - responding to Ofsted reports when necessary
 - holding the headteacher to account for the performance of the school
 - ensuring parents and pupils are involved, consulted and informed as appropriate
 - making available information to the community
- Appoints and performance manages the headteacher who will deliver the aims (through the day to day management of the school, implementation of the agreed policy framework and school improvement strategy, and delivery of the curriculum) and report appropriately and regularly to the governing body.

For governing bodies to carry out their role effectively, governors must be:

- Prepared and equipped to take their responsibilities seriously;
- Acknowledged as the accountable body by the lead professionals in the school;
- Supported by the appropriate authorities in that task and provided with the information required to carry out that task; and

- Willing and able to monitor and review their own performance.

The role of a governor

In law the governing body is a corporate body, which means:

- no governor can act on her/his own without proper authority from the full governing body;
- all governors carry equal responsibility for decisions made, and
- although appointed through different routes (i.e. parents, staff, Local Authority co-opted, foundation), the overriding concern of all governors has to be the welfare of the school as a whole.

General

- We understand the purpose of the governing body and the role of the headteacher as set out above
- We are aware of and accept the Nolan seven principles of public life: see appendix
- We accept that we have no legal authority to act individually, except when the governing body has given us delegated authority to do so, and therefore we will only speak on behalf of the governing body when we have been specifically authorised to do so.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.
- We will encourage open government and will act appropriately.
- We accept collective responsibility for all decisions made by the governing body or its delegated agents. This means that we will not speak against majority decisions outside the governing body meeting.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos, with particular regard to the Christian Ethos that runs throughout the school, and reputation of our school. Our actions within the school and the local community will reflect this.
- In making or responding to criticism or complaints affecting the school we will follow the procedures established by the governing body.

Commitment

- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the governing body, and accept our fair share of responsibilities, including service on committees or working groups.
- Meetings will take into account staff and Governor availability wherever possible. We will make full efforts to attend all meetings and where we cannot attend explain in advance in full why we are unable to.
- We will get to know the school well and respond to opportunities to involve ourselves in school activities.

- Our visits to school will be arranged in advance with the staff and undertaken within the framework established by the governing body and agreed with the headteacher.
- We will consider seriously our individual and collective needs for training and development, and will undertake relevant training.
- We are committed to actively supporting and challenging the Headteacher, achieving a balance between these two roles.

Expectations

In addition to attending Full Governing Body meetings (of which there will be two per term) and relevant Committee meetings and playing a full part in those discussions, all governors will be expected to:

- establish at least one link with either a phase of the school, a headline priority in the School Development Plan, or another key area of Governor responsibility (for example, Safeguarding or Health and Safety) and take part in termly reviews with the staff lead for their area of responsibility.
- attend at least one visit per term, and submit feedback using the agreed school format, and use the same format to record visits to other events attended.
- attend appropriate training and development sessions
- visit the school on a pre-arranged basis to support other activities primarily aimed at engaging the wider school community, such as representing the Governing Body at Parent's Evenings, where possible.
- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.

Relationships

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the headteacher, staff and parents, the local authority and other relevant agencies and the community.

Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school
- We will exercise the greatest prudence at all times when discussions regarding school business arise outside a governing body meeting.
- We will not reveal the details of any governing body vote.

Conflicts of interest

- We will record any pecuniary or other business interest that we have in connection with the governing body's business in the Register of Business Interests.
- We will declare any pecuniary interest - or a personal interest which could be perceived as a conflict of interest - in a matter under discussion at a meeting and offer to leave the meeting for the appropriate length of time.

Breach of this code of practice

- If we believe this code has been breached, we will raise this issue with the Chair and the Chair will investigate; the governing body should only use suspension as a last resort after seeking to resolve any difficulties or disputes in more constructive ways;
- Should it be the chair that we believe has breached this code, another governor, such as the vice chair will investigate;
- We understand that any allegation of a material breach of this code of practice by any governor shall be raised at a meeting of the governing body, and, if agreed to be substantiated by a majority of governors, shall be minuted and can lead to consideration of suspension from the governing body.
- We are aware of the provisions of regulation 15(1) of the School Governance (Procedures) (England) Regulations 2003, as amended, which pertain to the grounds for suspension as a school governor, Schedule 6 of the School Governance (Constitution) (England) Regulations 2007 and Schedule 4 of the School Governance (Constitution) (England) Regulations 2012, relating to the disqualifications from the role of school governor (held as a separate document)

The Governing Body of High Wych CE Primary School adopted this code of practice on 16 Oct 2014. Governors will sign the Code on appointment or at the first governing body meeting of each school year.

Undertaking:

As a member of the Governing Body I will always have the well-being of the children and the reputation of the school at heart; I will do all I can to be an ambassador for the school, publicly supporting its aims, values and ethos; I will never say or do anything publicly that would embarrass the school, the Governing Body, the Headteacher or staff.

Appendix: The Seven Principles of Public Life

(originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations).

Selflessness

Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

Integrity

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

Objectivity

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

Openness

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

Honesty

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

Leadership

Holders of public office should promote and support these principles by leadership and example.
