DRUGS - THE FACTS - Get clued up in 90 minutes!

The Unplugged programme is designed for the parents of 11-15-year-olds and is delivered via Zoom by a trained Unplugged© facilitator.

Is your child moving to Secondary school in September? Keep up to date with the latest on issues affecting teenagers.

We will focus on the facts around drug taking and different types of drugs. Parents will find out the latest information on which drugs are trending locally, signs to look out for, and how best to talk to their teens about drug and alcohol misuse.

This workshop is FREE to parents of children who attend one of our partnership schools.
