Do you know that **Minecraft, Roblox** and **Fortnite** are not as safe as you might think? Do you know by restricting the 'chat' in games, this does not stop your child talking to other people?

Do you know that having the wrong settings on your Social media apps can expose your young person to grooming or put them at risk from Bullying

Do you know how **gang culture** and **radicalisation** online affects <u>your</u> child?

Do you know what the long term affect COVID-19 Lockdown has had on your child?

Do you know that **self-generated images** is now common among children in Primary School Years across the county?

Do you know what **media sources** your child forms their opinions from?

Do you know how to keep your child safe <u>and</u> show them the wonders of our digital world?

'The 2 Johns' will open your eyes to a world we, as adults, didn't grow up in. Your child is growing up within and into this digital age.

Please save the date to attend this crucial parent support event.

8pm on Wednesday 7th June 2023

You will receive more details about the event nearer the time.

*This is a parent only event and not suitable for children

The parent workshops will look at the online world and how our young people are using it. How they are navigating around restrictions and using the internet without the parents' knowledge.

Regarding the content, all of our sessions are up to date and as such often change on a monthly basis if not sooner to reflect the changing risks faced by our children. We take into consideration the increased online activity by our young people and how they have adapted to the online world something parents are still struggling with today post Covid.

This will include their favourite apps and games. We look at the dangers they face not only from bad people but also how they are being groomed in games. This ranges from receiving gifts by the younger player to being groomed on servers for the older ones.

We will explore how all our young people are being influenced on line and forming ideologies and views that might be diametric to their parents, which can also give them a different view of the world. We also look how influencers work, which can lead our children to conduct dangerous dares and challenges

We look at solutions that parents can adopt to help keep their children safe which again this ranges from settings on apps to safe use of games and how parents should approach the online arena. We take a look at the Stranger Danger message that parents are familiar with and make it ready for Today's World.
